MODEL UNITED NATIONS OF HAMBURG

Preamble

Honorable Delegates, Chairs and MUN-Directors,

students and teachers from all over Europe have decided to travel to Hamburg in order to participate in this year's Model United Nations of Hamburg Conference either as chair, delegate or MUN-Director and we warmly welcome you all.

For the ninth time Model United Nations of Hamburg, organized by students of Gymnasium Meiendorf, is taking place to set the stage for many prosperous debates. The preparation of the conference started over a year ago and every member of the executive team has put a lot of effort into their tasks to organize five unforgettable days for every participant. This booklet contains general information concerning the outline of our conference. However, if you have any problems or questions, please do not hesitate to contact us.

We are looking forward to a great conference, with lots of interesting debates, creative solutions, new friendships and the chance to gain new experiences.

Yours faithfully,

Selene Damm

MODEL UNITED NATIONS OF HAMBURG

Dear participants of MUNoH 2017,

as headmistress of Gymnasium Meiendorf I am very proud to welcome over three hundred students and their teachers at MUNoH 2017, a conference which has been taking place annually since 2009.

Since our last MUNoH the world's questions to you and to us all seem to have increased. I am very ashamed, when I look at Syria, where all our politicians and powerful institutions are not able to help the people suffering and are not able to find sustainable solutions. And the war in Syria is just one of the great problems of the world.

But this impression of increasing problems might be the consequence of another fact, which also is a chance: we're all getting closer.

This is why I would like to encourage you to take on this challenge and perceive it as a chance: searching for solutions for the world's problems and getting to know each other as well.

Have a nice and successful time.

Marie-Luise Stehr

(Headmistress of Gymnasium Meiendorf)

Behavior

In the Host Families

We ask you to be nice and friendly towards your host family, since your host families host you voluntarily and for free. We ask you to respect and accept the rules they set for you, especially when it comes to curfews, pick up times and any other organisational matter. Please make sure that you are always punctual. We are very proud to be able to offer host families to at least some of the MUNoH participants, however, our ability to do so depends on your behavior and the positive feedback host families are willing to give to other families who consider supporting us (and your school's expenses for the trip to Hamburg) in the future. Furthermore, you are not allowed to consume any kind of drugs, including alcohol.

Please inform your host family about allergies you may have, so they do not forget about it. We recommend you to exchange phone numbers with your host parents. In case of emergency you can call them or contact one of the Student Supervisors.

Student Supervisors:

Melissa Bauer	+49 157/ 33360617
Jonas Dieckmann	+49 175/ 6569921
Moritz Schnöckel	+49 176/ 43850514

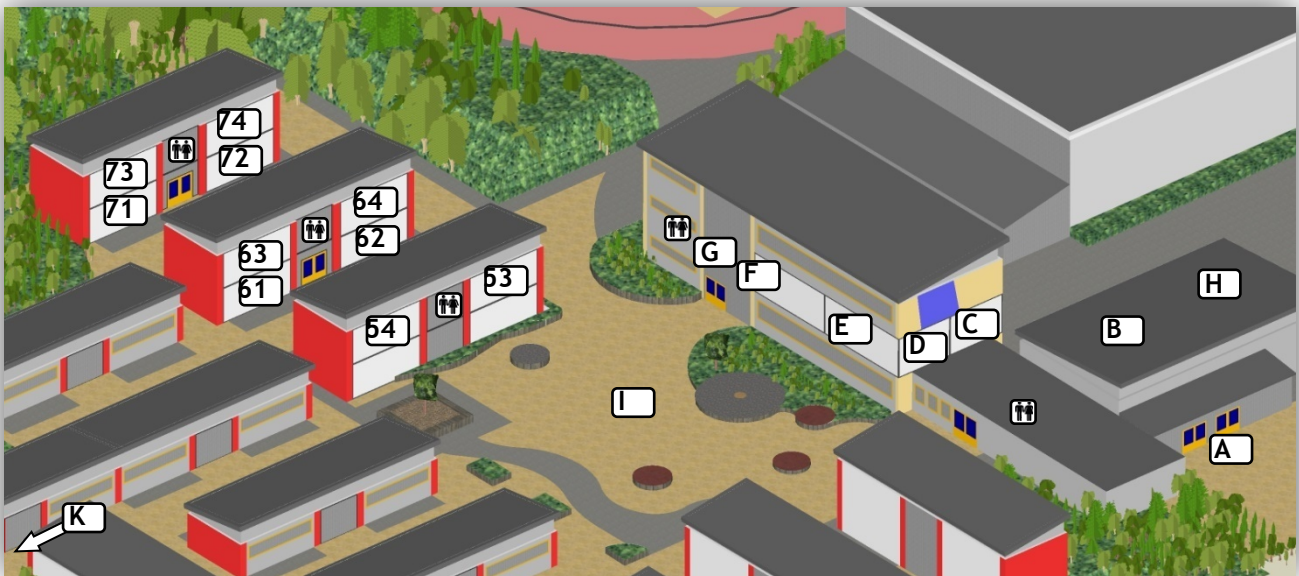

During Official Events at MUNoH

During our conference including the time in school and the official MUNoH Party, you are not allowed to drink alcohol when you are under 16 or take any other kind of drugs. If your school runs a stricter policy, it applies as well. In case of noncompliance you will be excluded from the event and your teacher will be informed. Furthermore, you will be excluded from future MUNoH conferences.

Where to go in Hamburg?

Überseequartier

HafenCity is a business location with a character of its own: as well as its central position on the water front, its urban flair gives the location a definite plus. Offices are close by residences, as well as nice places to eat, drink and shop.

Jungfernstieg and Alster

The Alster is a beautiful lake in the city center of Hamburg. The Jungfernstieg right next to the Alster is the place to go shopping (e.g. at the Europa Passage or the Alsterhaus). Various restaurants offer food.

Town Hall

Hamburg's town hall is an impressive and beautiful building. The entrance area is open for public during the day. You can also join guided tours through the Town Hall.

MODEL UNITED NATIONS OF HAMBURG

Hard Rock Café

The Hard Rock Café is located near the banks of the Elbe River in one of the city's most historic buildings, the Landungsbrücken, nestled in the port near local landmarks, including the Old Elbe Tunnel, the Old Warehouse District and the Harbor City, Hard Rock Cafe Hamburg is a must-see destination for visitors and locals alike.

Planten & Blomen

The impressive lightshows at the water fountains in „Planten un Blomen“, Hamburg's most beautiful garden, start at 9 pm every evening.

St. Michaelis

As one of Hamburg's five main churches with a beautiful altar and an amazing view from the bell tower, St. Michaelis is the emblem of the city. Locals call it Michel.
